Hi Valois,
You can simply provide me with the updates to the PWS and I will submit them as an amendment for approval.
You can take the subject task from our existing PWS and make changes to it.

Bruce Suchomel, Environmental Engineer/COR

Hi Valois,

Thanks! As I understand it, you'll need to do an amendment to the PWS.

Hi Mary Ellen,

I would like to jump on this now. It sounds like I should update the PWS to include those last steps under Task 1. I can do that quickly, if that is what I need to do.

Bruce, Do you have any direction for me on this? Can I update the PWS and send it to you to pass along?
Thanks!

Subject: PWS for WA 4-96 Dewey Burdock

Hi Valois and Bruce,

I am starting to dig into preparing the work plan for WA 4-96 and saw that Task 1 is listed as completed. Although it was certainly getting close at the time you would have had to draft this PWS, we did end up with some loose ends to finish off for Task 1:

- We need to get your comments and do any revisions you'd like on the Task 1.6 and 1.7 deliverables,
- We have been working on the revisions to the Task 1.2 maps and will need to insert those, and
- We'll need to do some final consistency checks and harmonization among the Task 1.2, 1.3, 1.5, 1.6, and 1.7 deliverables so that they function together as a package.

Shall we touch base after the weekend?

Mary Ellen
